# How Technology Has Changed Our Lives

# Communication

In the past the people had strange phones.

Today we have mobile phones to communicate.

# Transport

In the past they used a horse and carriage to get around.

Today we have cars,  
bicycles and trucks.

# Toys and Games

In the past people had dolls that were made out of cotton. They had other toys like chess,skittles,marbles,toy soldiers and hopscotch.

Now we have DS's, computers, video games and remote control toys.
