teaching · challenging · transforming

Our Safeguarding Commitment

As an agency of the Archdiocese of Brisbane, we have a zero tolerance for all forms of abuse and are committed to safeguarding everyone involved in its activities, ministries, and services. The safety and wellbeing of children and adults-at-risk is paramount.

Accessibility

Brisbane Catholic Education is committed to providing accessible services to people from all culturally and linguistically diverse backgrounds. If you have difficulty understanding this document, you can contact Translating and Interpreting Service National on 13 14 50 to arrange for an interpreter to translate it for you.

Acknowledgement of Country

Brisbane Catholic Education acknowledges the Traditional Custodians of the lands on which our schools and offices stand. We honour the enduring relationship with Country, the lands, waters and skies that have been cared for through wisdom, responsibility and love for tens of thousands of years by First Nations peoples. We extend our deep respect to Elders past and present, and to Aboriginal and Torres Strait Islander peoples who continue to nurture culture, community and identity across generations.

We give thanks for the rich cultures, Spiritualities and knowledges that First Nations peoples share with us. These ways of knowing, being and doing continue to shape our understanding of community, justice and care for one another and for creation.

As a Catholic education community, we commit to embedding cultural safety in our school so that Aboriginal and Torres Strait Islander children, families and staff are seen, respected and affirmed, and so that no one experiences harm, exclusion or silence because of culture or identity.

Cultural safety calls us to listen deeply, to reflect honestly on our histories, and to walk together in humility and courage. It asks us to ensure our classrooms, relationships, policies and practices uphold dignity, belonging and justice for all.

May we continue to walk gently and respectfully together, learning from First Nations peoples and from one another, so that our school is a place of welcome, truth-telling and hope.

May we be one in land, one in Spirit, one in Faith, united in God's love, committed to justice, and faithful to the responsibility entrusted to us as educators of this land.

Introduction

> **Because wherever a child or vulnerable person is safe, there you serve and honour Christ.**
>
> Pope Francis written address to the Pontifical Commission for the Protection of Minors' plenary assembly in Rome March 24-28, 2025.

St Rita's, Victoria Point, is committed to creating environments where children and young people feel protected, valued, and heard. Safeguarding is a shared responsibility, and every child has the right to grow and thrive free from harm.

We are guided by our Christian Catholic Tradition and the teachings of Jesus Christ who advocated for the protection of children and the marginalised. Our mission to teach, challenge and transform through our educational endeavours is actioned by Catholic Social Teaching, as part of the Archdiocese of Brisbane.

The Queensland Government recently introduced new Child Safe Standards. These Standards clearly outline what child safe organisations must do to create environments where children are protected, respected and able to speak up. They focus on building safe, welcoming cultures, hearing and valuing children's voices, working closely with families, celebrating diversity, making sure the right people work with children, responding quickly to concerns, and always looking for ways to improve safety.

> The Archdiocese has **zero tolerance** for all forms of abuse and is committed to safeguarding everyone involved in its activities, ministries, and services. The safety and wellbeing of children and adults-at-risk is paramount.

Throughout 2026, our school will review its compliance against the new Child Safe Standards using a phased approach in line with Queensland Family and Child Commission guidelines. We will review, self-assess and report against selected Standards each term, building towards full implementation and continuous improvement across all Standards by the end of the year. This staged process allows St Rita's to embed the Standards meaningfully and ensure our practices reflect the needs, voices and safety of our students.

As a Catholic school within the Archdiocese of Brisbane, we honour the Archdiocesan Safeguarding Commitment and uphold the values of Catholic education in our safeguarding practices.

This School Safeguarding Plan is developed in consultation with students, families, and employees, and is contextualised to our local school environment. It reflects our commitment to continuous improvement, cultural safety, and child-centred practice, and is supported by both Brisbane Catholic Education policies and procedures and school-specific safeguarding actions. Further Information about BCE wide practices can be accessed here.

For more information or to request accessible formats, please contact the school Principal.

The Child Safe Standards

Standard 1: Leadership and Culture
Child safety and wellbeing is embedded in the entity's organisational leadership, governance, and culture.

Standard 2: Voice of children
Children are informed about their rights, participate in decisions affecting them and are taken seriously.

Standard 3: Family and community
Families and communities are informed and involved in promoting child safety and wellbeing.

Standard 4: Equity and diversity
Equity is upheld and diverse needs respected in policy and practice.

Standard 5: People
People working with children are suitable and supported to reflect child safety and wellbeing values in practice.

Standard 6: Complaints management
Processes to respond to complaints and concerns are child-focused.

Standard 7: Knowledge and skills
Staff and volunteers of the entity are equipped with the knowledge, skills, and awareness to keep children safe through ongoing education and training.

Standard 8: Physical and online environments
Physical and online environments promote safety and wellbeing and minimise the opportunity for children to be harmed.

Standard 9: Continuous improvement
Implementation of the Child Safe Standards is regularly reviewed and improved.

Standard 10: Policies and procedures
Policies and procedures document how the entity is safe for children.

Universal Principle
Requires child safe entities to provide an environment that promotes and upholds the right to cultural safety.

Safeguarding Focus Areas

The 10 standards are grouped under four key focus areas:

The Universal Principle

Ensuring cultural safety through the Universal Principle is essential for Aboriginal and Torres Strait Islander students and families.

While the Principle intentionally focuses on First Nations children, the cultural safety indicators which make up the Principle are designed to adopt a proactive and comprehensive approach to safeguarding, ensuring that policies, and practices are inclusive for all children, particularly those who may be marginalised or vulnerable.
The Universal Principle is embedded within all 10 Standards.

Cultural Safety Indicators

1 **Transformational unlearning** – Organisations must challenge unconscious bias, racism, and discrimination within their structures and workforce.

2 **Negotiating values, motivations, and paradigm** – Policies and programs should be co-designed with Aboriginal and Torres Strait Islander communities to reflect their perspectives on child safety.

3 **Prioritising social and emotional wellbeing and health** – A holistic, strengths-based approach must be adopted to support the wellbeing of Aboriginal and Torres Strait Islander children, staff, and families.

4 **Sharing power and decision-making** – Decision-making processes should be led or co-led by Aboriginal and Torres Strait Islander peoples to ensure genuine partnerships.

5 **Sharing resources** – Organisations should dedicate resources to Aboriginal and Torres Strait Islander led initiatives, research, and governance mechanisms, where appropriate.

6 **Creating a strategic enabling environment** – Leadership must set clear priorities and accountability structures ensure cultural safety into daily operations.

7 **Operating on Aboriginal and Torres Strait Islander terms of reference** – Service delivery to Aboriginal and Torres Strait Islander children should be grounded in Aboriginal and Torres Strait Islander knowledge systems and self-determination principles.

8 **Accountability and continuous quality improvement** – Progress should be measured using Aboriginal and Torres Strait Islander-defined success indicators, ensuring sustained improvement.

The Cultural Capability Framework

This framework enables Brisbane Catholic Education to develop a workforce grounded in Aboriginal and Torres Strait Islander cultural humility, enabling responsive and innovative practices that contribute to Reconciliation. The Cultural Capability Framework and Molum Sabe assists our workforce to critically reflect on individual and organisational practices and develop effective practices across four cultural standards:

Teaching

Culturally responsive teachers and education professionals create the conditions for respectful relationships with Aboriginal and Torres Strait Islander peoples, and learning of knowledges, identities, cultures and languages.

Relationships

We develop relationships and connections with Aboriginal and Torres Strait Islander employees, students, families and communities to build and sustain inclusive and culturally safe practices and environments.

Environment

We establish an inclusive and culturally safe environment, where Aboriginal and Torres Strait Islander employees, students, families and communities feel a sense of belonging and connection.

Leadership

All employees are accountable for building and sustaining inclusive and culturally safe practices and environments with Aboriginal and Torres Strait Islander employees, students, families, and communities. Leaders have additional responsibilities to articulate a clear vision and provide ongoing cultural capability development opportunities for employees.

Standard 1: Leadership and Culture

Child safety and wellbeing is embedded in the entity's organisational leadership, governance, and culture[1]

Brisbane Catholic Education's commitment to Standard 1

At BCE, student safety is central to how we plan, think and act, shaping a safeguarding culture that protects their safety and wellbeing. We use a whole of organisation approach; led by strong leadership, embedded in practice and supported through shared responsibility. Clear policies, codes of conduct, Student Protection Processes and risk management plans set behavioural expectations and guide how we keep children safe. Our Safeguarding Policy aligns with the Archdiocese of Brisbane Safeguarding Framework and is available on our website. Leaders are accountable for ensuring these requirements are followed and continually improved. Safeguarding is a system critical foundation of the BCE Strategic Plan 2025–2027 and an identified enterprise risk, monitored through regular monitoring, internal audits and escalation pathways. Governance transparency is reinforced through quarterly reporting to the BCE Executive Team, Safeguarding Committee and Catholic Education Council, including assessments of practice effectiveness and improvement progress. We take a strong stand against discrimination, bias or harm toward any child and are committed to cultural safety for Aboriginal and Torres Strait Islander peoples.

What Standard 1 looks like at our school:

At St Rita's, we are committed to prioritising every student's safety and wellbeing, this includes ensuring Aboriginal and Torres Strait Islander children, families and Community feel welcome, safe, valued, included and respected. At St Rita's, we publicly display visual representations such as Aboriginal and Torres Strait Islander flags, artwork, and Acknowledgment of Country signage that demonstrates our commitment to ensuring the safety and wellbeing of First Nations students and their families.

We know that for St Rita's to be truly a child safe environment every member of staff holds responsibility from our groundskeeper keeping our physical environment safe, our tuckshop volunteers making sure our students have access to healthy food, our front office staff being the warmest welcoming face in the morning.

Each year, our School Board reviews key documents such as the Child and Youth Risk Management Strategy, the Student Behaviour Support Plan, and the Family Engagement Partnership Statement. Board members are invited to suggest improvements, ensuring our strategies reflect the lived experiences and expectations of parents, students, and staff. This process helps guarantee that governance decisions are consistent with our safeguarding priorities.

Brisbane Catholic Education has a Code of Conduct for employees which outlines the behaviour standards of every staff member. We share a student-friendly version of the BCE Code of Conduct for Employees with students, called 'Rules for Adults' which explains in age-appropriate language how adults at school must behave to keep students safe. Every classroom teacher discusses this code of conduct during the first week of Term 1 and again during the first week of Term 3 the ensure our students know what respectful and professional behaviour from adults looks like."

Before every school event, excursion, incursion, we complete a risk assessment which specifically includes considerations about students' safety and wellbeing relevant to the activity such as supervision ratios, student privacy, transport arrangements, and consent for photos or recordings.

[1] Alignment with National Catholic Safeguarding Standard (NCSS): Standard 1: Committed Leadership Governance and Culture | Working with Children (Risk Management and Screening) Regulation 2020 (Qld), Schedule 1, Section 2(1), (2)(a) and (2)(b) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s 6 (1), (2) and s9 (e)

Standard 2: Voice of children

Children are informed about their rights, participate in decisions affecting them and are taken seriously[2]

Brisbane Catholic Education's commitment to Standard 2

We strive to create a culture where every child feels safe, heard and confident to share their ideas or concerns. Our employees and volunteers are supported to engage respectfully with students, listen carefully, and respond to their immediate needs. BCE's school safeguarding storybooks and animation series help explain our policies, processes and key safeguarding concepts to students in age appropriate ways. We also support schools to deliver Consent and Respectful Relationships Education so students understand their rights, identify trusted adults, and build positive, healthy and respectful relationships. Each year, students across all BCE schools are invited to share their views through the *Tell Them From Me* survey. This feedback helps us understand how students are feeling, their concerns and how we can strengthen safety and support in our schools. Our Student Voice Program gives students a platform to contribute to BCE wide decisions affecting their safety, wellbeing and learning. Our Archdiocesan First Nations Student Representative Council and our Aboriginal and Torres Strait Islander Education Team help co-design culturally safe policies and practices.

What Standard 2 looks like at our school:

At St Rita's, students are actively supported to understand their rights to safety, participation and information through a combination of curriculum delivery, daily interactions and strong, trusting relationships with staff.

Protective behaviours, consent and respectful relationships are explicitly taught through the Health and Physical Education curriculum across all year levels. These concepts are reinforced through consistent classroom practice, behaviour expectations and staff modelling of safe and respectful interactions.

Student voice is embedded in everyday practice through:

- Regular classroom discussions and check-ins
- Ongoing opportunities for students to ask questions and express their views
- Clear identification of trusted adults, including Student Protection Contacts
- Strong relational practices that encourage students to seek support

Students are consistently supported to raise concerns in ways that are safe, appropriate and responsive to their needs. Staff prioritise building relationships that enable students to feel heard, taken seriously and supported.

The importance of friendships and peer support is promoted through:

- Inclusive behaviour expectations
- Support for positive peer relationships
- Structured opportunities for connection and social development

These practices are reinforced through whole-school routines, including beginning-of-year expectations, regular class discussions, and ongoing reminders of trusted adults and support processes.

Through these practices, student voice is embedded as a normal and expected part of school life, supporting students to feel safe, connected and confident to speak up.

[2] Alignment with National Catholic Safeguarding Standards: Standard 2 Children and Adults Are Safe, Informed and Participate | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(8) (a) (ii) | Education (Accreditation of Non-state schools) Regulation (Qld) 2017 s 16(4) (a)–(b)

Standard 3: Family and community

Families and communities are informed and involved in promoting child safety and wellbeing[3]

Brisbane Catholic Education's commitment to Standard 3

Student safety, wellbeing and learning are best supported when families and schools work together and share responsibility for protecting students. At BCE, we believe informed and engaged families and communities are essential to creating safe learning environments. We support schools to partner with families in ways that are consistent, respectful, culturally safe and shaped by local needs. We also make sure families and community members have clear, accessible information about our safeguarding approach and how to raise concerns. Each year, parents and caregivers share their perspectives through the *Tell Them From Me* Parent Survey. This feedback helps BCE understand family experiences and concerns, guiding improvements that make our schools safer and more supportive for students.

What Standard 3 looks like at our school:

St Rita's is a welcoming and connected community where families are actively engaged in supporting student safety and wellbeing.

Strong relationships between staff, students and families underpin the school's approach. Families are supported to understand and engage with student safety and wellbeing through:

- Regular communication via newsletters and school updates
- Direct and ongoing engagement with teachers and leadership
- Parent meetings and information sessions
- Access to key information through the school website

Key safeguarding contacts, processes and expectations are consistently communicated to families through school channels, ensuring clarity about how concerns can be raised and responded to.

The school intentionally creates opportunities for meaningful engagement through community events, including:

- Welcome BBQ
- Mother's Day and Grandparents Day celebrations
- School sporting carnivals and community gatherings

These events provide valuable opportunities for leadership and staff to connect with families, build relationships and reinforce shared responsibility for student wellbeing.

St Rita's demonstrates a strong commitment to culturally responsive engagement through:

- A First Nations student group
- Regular gatherings with First Nations students and families
- Opportunities for connection and consultation through events such as family morning teas

These practices strengthen relationships, support culturally safe environments and ensure that Aboriginal and Torres Strait Islander voices are valued within the school community.

Through these approaches, St Rita's promotes a shared understanding of student safety and wellbeing, supported by strong partnerships with families and the wider community.

[3] Alignment with National Catholic Safeguarding Standards: Standard 3 Partnering With Families Carers And Communities | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(8) (a) (ii) | Education (Accreditation of Non-state schools) Regulation (Qld) 2017 s 16(4) (a)–(b)

Standard 4: Equity and diversity

Equity is upheld and diverse needs respected in policy and practice[4]

Brisbane Catholic Education's commitment to Standard 4

Every student deserves to flourish and has the right to learn in a safe, supportive and inclusive environment, free from discrimination, bullying and harassment. BCE supports all students, regardless of background, identity or ability, to access and fully participate in their learning. We embed equity at the heart of our culture through the Student Diversity and Inclusion Policy, the Student Wellbeing Policy and the Queensland Catholic Education Council's Inclusive Practice in Catholic Schools. We expect school practices to reflect each child's circumstances and needs, and to prioritise culturally safe, trauma informed approaches in planning, communication and engagement. The Engage Student Support System and the Multi Tiered System of Supports (MTSS) help schools provide a student centred, comprehensive continuum of support. These systems enable collaborative, targeted and personalised assistance for diverse learners. We also provide children with opportunities to learn about different cultures, people and communities through the Aboriginal and Torres Strait Islander Histories and Cultures Cross Curriculum Priority and the Australian Curriculum.

What Standard 4 looks like at our school:

At St Rita's, every student is known, valued and supported within an inclusive and respectful school environment.

The school responds to the diverse needs of students through:

- Collaborative practices between teachers, support staff and leadership
- Targeted interventions and supports for students requiring additional assistance
- Inclusive teaching practices and differentiated learning
- Strong pastoral care and wellbeing systems

Students are supported to feel safe and connected through:

- Access to trusted adults
- Clear and consistent expectations
- Ongoing reinforcement of support pathways and help-seeking

Staff reinforce these processes through daily interactions, ensuring students understand who they can speak to and what will happen if they seek help.

Staff adopt a trauma-aware and responsive approach to supporting students, ensuring that individual circumstances are understood and responded to in ways that prioritise safety, wellbeing and inclusion.

St Rita's demonstrates a commitment to cultural safety through:

- Respectful acknowledgement of Aboriginal and Torres Strait Islander cultures
- Inclusive practices that value diversity
- Dedicated initiatives such as the First Nations student group
- Ongoing engagement with families and community

Students from all backgrounds are supported to access information, raise concerns and seek support in ways that are appropriate to their age, development and individual needs.

Through these practices, St Rita's creates a school environment where diversity is respected, inclusion is prioritised and all students are supported to feel safe and valued.

[4] Alignment with National Catholic Safeguarding Standards: Standard 4 Equity Is Promoted And Diversity Is Respected | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(3) (a) (ii) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s 11, s 15 (a)

Standard 5: People

People working with children are suitable and supported to reflect child safety and wellbeing values in practice[5]

Brisbane Catholic Education's commitment to Standard 5

BCE supports schools to ensure that everyone working or volunteering with students is suitable, safe and capable of upholding child safety and wellbeing. Our recruitment and screening processes embed safeguarding at every stage, from role design and advertising through to interviews, reference checks, onboarding and performance development. The Employee and Volunteer Screening Procedure includes a role risk matrix, Blue Card screening requirements and clearly defined responsibilities. These help leaders identify potential risks to student safety and wellbeing and respond appropriately. BCE's Human Resource Information System, Ignite, operationalises these procedures and helps employees monitor and maintain their safeguarding screening requirements. Our Procurement Procedure requires all external providers engaging with BCE offices or schools to be child safe and compliant with relevant legislation. The Risk Management Framework guides how we monitor safeguarding practices in schools through established quality control mechanisms. These processes ensure schools can safely engage employees, volunteers and third parties, with appropriate oversight, training and supervision in place before any child related work occurs.

What Standard 5 looks like at our school:

In line with our implementation plan, at the end of Term 4 we will explain:

- How we screen and onboard employees, volunteers and third parties
- How we ensure safe supervision and conduct
- How we apply BCE recruitment and HR procedures for employees and volunteers
- How we track and keep safeguarding screening requirements current
- Evidence of practice and planned improvements

[5] Alignment with National Catholic Safeguarding Standards: Standard 5 Robust Human Resource Management | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(8)(b) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s 15 (b)

Standard 6: Complaints management

Processes to respond to complaints and concerns are child focused[6]

Brisbane Catholic Education's commitment to Standard 6

BCE fosters a culture where concerns about safety and wellbeing can be raised openly, respectfully and without fear. We support child focused complaint pathways that are accessible to students, families, employees and community members. Our policies and procedures outline reporting requirements, cooperation with authorities, and expectations for timely and safe responses to concerns. From 1 July 2026, BCE will implement Queensland's Reportable Conduct Scheme. This means BCE will report any reportable allegation or conviction, conduct investigations, provide interim and final reports to the Queensland Family and Child Commission, and immediately notify police of any suspected criminal conduct within required timeframes. BCE provides guidance and training to ensure complaints are handled in trauma informed and culturally safe ways, supported by Aboriginal and Torres Strait Islander Participation Officers and expertise from safeguarding, student protection, legal, wellbeing, school operations and program teams, and employee relations and investigations teams. System wide improvements are strengthening complaint handling processes, creating clearer pathways and embedding safeguarding expertise across the framework. These structures help schools respond to concerns with transparency, sensitivity and procedural fairness.

What Standard 6 looks like at our school:

At St Rita's, students, families, staff and volunteers are encouraged to raise concerns, worries or complaints and are supported to do so through clear and accessible pathways.

Students are regularly reminded that they can seek support from trusted adults, including their teacher, Student Protection Contacts, school leadership and other members of staff. These messages are reinforced through classroom discussions, student wellbeing initiatives and everyday interactions, helping students understand that speaking up is a normal and important part of keeping themselves and others safe.

Families can raise concerns through a range of channels, including direct contact with teachers, leadership, Student Protection Contacts and Brisbane Catholic Education complaints processes. The school prioritises timely communication, respectful engagement and responsiveness when concerns are raised.

When concerns involve student wellbeing or safety, St Rita's adopts a child-focused approach that seeks to ensure students are supported throughout the process. Individualised supports may include Safety Plans, Personalised Support Plans and additional monitoring arrangements where appropriate. Staff work collaboratively with families to ensure student wellbeing remains the priority while concerns are addressed.

All complaints and concerns are managed in accordance with Brisbane Catholic Education policies and procedures. School leaders understand their responsibilities relating to student protection, complaints management and reportable conduct and seek support from BCE when required. This helps ensure concerns are managed consistently, appropriately and by the right people.

St Rita's values feedback as an important part of strengthening student safety and wellbeing. Concerns raised by students, families and staff are used to inform reflection, review of existing practices and continuous improvement across the school.

[6] Alignment with National Catholic Safeguarding Standards: Standard 6 Effective Complaints Management | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2 (4) (b) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s7 | Child Safe Organisations Act (Qld) Chapter 3

Standard 7: Knowledge and skills

Staff and volunteers of the entity are equipped with the knowledge, skills, and awareness to keep children safe through ongoing education and training[7]

Brisbane Catholic Education's commitment to Standard 7

BCE builds a confident, capable and culturally aware workforce committed to children's safety and wellbeing. Our Mandatory Safeguarding Training Framework sets clear onboarding and refresher requirements for all employees. Every year, BCE employees complete online student protection training covering indicators of child harm, grooming behaviours, how to respond to disclosures and mandatory reporting requirements. School staff also participate in additional face to face training each term on topics related to student safety and wellbeing. Staff who serve as Student Protection Contacts (SPCs) receive advanced training in managing disclosures and supporting colleagues to keep students safe. Volunteers and third party providers complete mandatory safeguarding onboarding before commencing any child related work, along with annual refreshers recorded in school registers in line with the Volunteer Policy and Procedure and Third Party Safeguarding Guidelines. BCE has developed a Cultural Learning Plan and Cultural Capability Framework to strengthen cultural competency and responsiveness, promote cultural safety and BCE's Ngutana-Lui Centre provides curriculum-aligned cultural learning for students and staff. All employee training is tracked through BCE's Learning Management System (iLearn), which issues automated reminders and provides compliance reports to managers.

What Standard 7 looks like at our school:

In line with our implementation plan, at the end of Term 4 we will explain:

- How employees, volunteers and third parties complete required safeguarding training
- How the school reinforces safeguarding practice throughout the year
- How cultural capability is embedded in training
- How the school monitors and supports employees and volunteers to undertake mandatory training
- Evidence of practice and planned improvements

[7] Alignment with National Catholic Safeguarding Standards: Standard 7 Ongoing Education and Training | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(8)(b) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s16, 4 (c)

Standard 8: Physical and online environments

Physical and online environments promote safety and wellbeing and minimise the opportunity for children to be harmed[8]

Brisbane Catholic Education's commitment to Standard 8

BCE is committed to creating healthy, safe and productive physical and online environments that support student wellbeing, prevent harm and safeguard everyone involved in our activities. We take a holistic, strengths-based approach that recognises all dimensions of a child's wellbeing – physical, social, spiritual, emotional and cultural. Building plans are reviewed with a focus on environmental risks that may affect children's safety. The BCE Health, Safety and Wellbeing (HSW) Policy and BCE Safeguarding Guidelines for School Design provide practical guidance to build safe, inclusive spaces with strong visibility, supervision and access control. To support online safety, BCE aligns with the eSafety Commissioner's Best Practice Framework and delivers the Australian Curriculum for Online Safety (P–10). The Acceptable Use of Devices and Digital Resources agreement promotes safe digital behaviour and is supported by content filters and monitoring tools. Policies such as the Employee Code of Conduct, IT Acceptable Use Policy and Privacy Policy outline expectations for safe online behaviour. BCE provides guidance to help schools maintain safe digital environments, and student safety considerations are embedded in risk assessments, school risk registers and organisation wide risk management processes.

What Standard 8 looks like at our school:

At St Rita's, student safety and wellbeing are considered across all aspects of school life, including classrooms, playgrounds, transitions, wellbeing spaces, online environments, excursions and co-curricular activities.

The school maintains a strong focus on active supervision, particularly during recess, lunch breaks and transitions between learning environments. Staff are visible throughout the school, regularly engage with students and are supported by duty rosters, supervision expectations and leadership oversight.

Student behaviour, wellbeing and injury data are reviewed regularly to identify patterns, emerging concerns and opportunities to strengthen safeguarding practices. This information supports decisions about supervision, student support arrangements and risk management processes across the school.

Risk assessments are conducted for excursions, incursions, sporting events and other activities involving students. These assessments consider student wellbeing, supervision arrangements, access to facilities, transport requirements, individual student needs and other relevant safeguarding considerations.

Students requiring additional support may be supported through Safety Plans, Personalised Support Plans, Individual Curriculum Plans and targeted supervision arrangements. These supports are developed collaboratively and assist students to access learning and school life safely.

The school recognises the importance of creating environments where all students feel safe, included and respected. Cultural safety is promoted through visible acknowledgement of Aboriginal and Torres Strait Islander cultures, the First Nations student group and regular engagement opportunities with students and families.

Online safety is supported through Brisbane Catholic Education systems, curriculum teaching, staff supervision and clear expectations regarding the responsible use of technology. Students are explicitly taught safe online behaviours and are encouraged to seek support if they experience concerns in online environments.

Through these practices, St Rita's seeks to provide physical and online environments that support student safety, wellbeing, inclusion and participation.

[8] Alignment with National Catholic Safeguarding Standards: Standard 8 Safe Physical And Online Environments | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s 18 (1) s19

Standard 9: Continuous improvement

Implementation of the Child Safe Standards is regularly reviewed and improved[9]

Brisbane Catholic Education's commitment to Standard 9

BCE is committed to continual review, learning and strengthening of safeguarding practice across both system and school levels. Ongoing improvement ensures our policies, frameworks and practices evolve in response to emerging issues, data and feedback, and remain effective in preventing harm and promoting wellbeing. System wide reviews are carried out by the Assurance Team, Risk and Compliance Team and through school accreditation processes. These reviews assess the effectiveness of safeguarding measures and identify opportunities to strengthen practice. Critical incidents also trigger structured post incident reviews to identify risks, evaluate responses and enhance wellbeing supports for students and employees. Governance committees, including Safeguarding, Risk and Assurance, and People and Safety, monitor trends and support system wide improvements. Schools are supported to monitor their own safeguarding indicators, such as Blue Card compliance, attendance, bullying and wellbeing data, enabling a local cycle of review, reflection and continuous improvement.

What Standard 9 looks like at our school:

St Rita's is currently self-assessing against the Child Safe Standards (including the Universal Principle). This involves consulting with key stakeholders, reviewing our school's relevant safeguarding data and reflecting on our safeguarding strengths, as well as areas for improvement.

When a complaint or concern highlights a gap in our processes, we complete a brief "learning and improvement form" that tracks what happened, the underlying contributing factors and what changes will be implemented. These matters are then discussed in leadership meetings with a focus on learnings and what can be done differently in the future.

In the last term of 2025, the Principal included information in the school community newsletter about how the school had progressed with their Annual Improvement Plan Goals – this included a strong focus on student engagement and attendance at school – and the school's plans moving forward for 2026.

With the implementation of the Child Safe Standards in Queensland in 2026, St Rita's is undertaking a comprehensive and progressive review of all aspects of student safety and wellbeing. Across 2026 we will self-assess against all ten Child Safe Standards (including the Universal Principle), through consultation with a diverse range of students, families, and staff, review of safeguarding data, and reflection on existing strengths and areas for improvement. Findings from this process will inform ongoing actions and be documented in our School Safeguarding Plan, which will be regularly updated and available on our website to ensure our families and broader community can clearly see how St Rita prioritises the safety and wellbeing of all students.

At St Rita's, every staff member—from teachers to grounds staff—has a clearly defined safeguarding responsibility outlined in their role description. These responsibilities are reviewed annually to ensure all adults understand their role in maintaining a child safe environment.

[9] Alignment with National Catholic Safeguarding Standards: Standard 9 Continuous Improvement | Working with Children (Risk Management and Screening) Regulation 2020 (Qld) sch 1 s 2(6)(a) | Education (Accreditation of Non-State Schools) Regulation 2017 (Qld) s20

Standard 10: Policy and procedures

Policies and procedures document how the entity is safe for children[10]

Brisbane Catholic Education's commitment to Standard 10

The Archdiocese of Brisbane Safeguarding Framework guides safeguarding practice across all Catholic entities, including BCE. The BCE Safeguarding Policy sits within this framework and is supported by a range of policies, procedures and guidelines designed to protect student safety and wellbeing. Under the BCE Policy Governance Framework, all policies are reviewed at least every three years through consultation, governance checks and formal approval. This ensures they remain current, reflect best practice and continue to support student safety, wellbeing and cultural safety. Consultation ensures policies reflect lived experience and meet the diverse needs of school communities. BCE is also working to make policies easier to understand and use, including creating child friendly resources. Policies and procedures are accessible to students, families, volunteers and third parties through BCE and school websites, and are available internally to employees through Spire. Safeguarding responsibilities are embedded in the BCE Leadership Capability Framework, ensuring leaders consistently communicate, model and apply policy requirements.

What Standard 10 looks like at our school:

At St Rita's, we use BCE policies and procedures which are regularly reviewed and updated to ensure they address the requirements of the Child Safe Standards and the Universal Principle and include clear procedures for safeguarding children.

Our onboarding process for new staff at St Rita's includes a briefing on the location, content and application of safeguarding policies and procedures and we talk through how our school is a child-safe environment (i.e. how we meet the child safe standards day to day.)

When updating procedures and processes at our school, St Rita's, we consult with staff, parents, students and our School Board to ensure our procedures are practical, relevant and aligned to contemporary expectations for child safety.

When leaders conduct classroom visits or playground walkthroughs, they intentionally highlight safe practice - checking visibility in classrooms, ensuring supervision zones are staffed and modelling calm, respectful interactions with students.

All staff at St Rita's complete an annual safeguarding refresher that includes scenario based learning, ensuring they understand how to apply policies in real world situations. This supports consistent implementation across the school.

All people who volunteer at St Rita's receive a brief orientation before beginning their role, which reinforces the information they get in their mandatory training includes clear guidance on appropriate interactions, supervision expectations, and what to do if they are worried about a student. This helps ensure volunteers uphold the same standards as paid staff.
